FARMER'S

AFTER MANY YEARS.

The congregation of the Clinton Street Colored Baptist Church, after nearly eight years of trial and legal battling, are at last about to come into their own. When they first purchased the lot, on the corner of High and Clinton streets, from Mrs. Kate Rogers, and let the contract for the building to the late Mr. Mike Buckley, they were annoyed by warrants issued against their pastor and the trustees (Rev. R. H. C. Mitchell, D. D., being the pastor), and every effort was made to prevent the work being done.

The officers sued out an injunction to prevent interference by the city authorities. This injunction was dissolved by Judge Cantrill. An appeal was taken and Judge Settle rendered an opinion sustaining the injunction and making it perpetual.

And now, after these years of toil and disappointment, with a new pastor, Rev. W. T. Silvey, these humble people are going "to arise and build" their new church, which will be modern in all its details and a very handsome structure.

Judge J. D. White, a former Judge of the Court of Appeals, said of this case, several years ago, that "it was the first time in all his experience upon the bench, that he ever heard of a church of Jesus Christ being denounced as a nuisance."

Free, for catarrh, just to prove merit, a trial size box of Dr. Shoop's Catarrh Remedy. Let me send it now. It is a snow-white, creamery, healing, antiseptic balm. Containing such healing ingredients as Oil Eucalyptus, Anymol, Menthol, etc., it gives instant and lasting relief to catarrh of the nose and throat. Make the free test and see for yourself what this preparation can and will accomplish. Address Dr. Shoop, Racine, Wis. Large jars 50 cents. Sold by all druggists.

IT WOULD BE A MISTAKE.

The proposition to make the room (now used by Labrot & Graham as an office) as a police station, and to install the patrol wagon and horse in that place, would, in our judgment, be a mistake. The fumes from the stable would render the Council Chamber and the Opera House very undesirable and unpleasant.

The Opera House is not, even now, what it should be, and to make a part of the same building a stable would be the limit.

It ought not to be done, even if it will save a little money.

ANOTHER OLD AND BELOVED CITIZEN PASSES AWAY.

A dispatch was received in this city, on Tuesday afternoon, announcing the death of Mrs. Maria A. Murphy, widow of the late Mr. Joseph Murphy, of New Orleans, La., aged 76 years, which occurred in Louisville.

Mrs. Murphy was the oldest daughter of the late Mr. Alex W. Macklin, and was born and reared near the Forks of Elkhorn. In early life she united with the old Forks of Elkhorn Baptist Church, and had lived a quiet, earnest, modest Christian life.

When a young woman she was married to Mr. Joseph Murphy, of New Orleans, La., and went there to reside. Her husband was a cotton broker.

There were given to them four children (three daughters, Mrs. John W. Rodman and Miss Jo Murphy, of this city, and Mrs. Jos. S. Bryan, of Louisville, and one son, Mr. John T. Murphy, who was accidentally drowned while en route to Alaska.)

After the death of her husband Mrs. Murphy returned to this county and resided on her farm for several years. Later she bought a residence on the corner of Wapping and Wilkinson streets, in this city, and had lived there until about a year ago.

After the tragic death of her only son, as stated above, Mrs. Murphy seemed to lose her hold on life and steadily failed. Some months since she went to Louisville to make her home with her youngest daughter, Mrs. Jos. S. Bryan.

For the last month or so Mrs. Murphy had generally broken down and the end was not unexpected. But she was ready for the change, and gently and quietly as she had lived she laid her tired head upon her Savior's breast and "fell on sleep."

She was a member of the First Baptist Church, of this city and the funeral services were conducted by her pastor, Rev. Dr. M. B. Adams, from the residence of her son-in-law, Mr. Jno. W. Rodman, at 3:30 o'clock, on Thursday afternoon, and the remains were laid away in the family lot in our cemetery.

Besides her children she leaves three sisters (Mrs. Fannie Barbee, Mrs. Elizabeth Robb and Mrs. Lydia Black) and one brother (Mr. A. W. Macklin), and a very large circle of relatives and friends to mourn her departure.

We have known Mrs. Murphy all our life, and admired her for her gentle and kindly nature and purity of life.

Heaven is richer and earth poorer by her death.

DISGRACEFUL CONDUCT.

We regret very much to be compelled to chronicle the fact that the conduct of a large number of the young men composing the two companies of National Guards (who went to Jamestown Tuesday night) was simply outrageous.

Those citizens who live near the armory could not obtain any rest or sleep until the train had left after 12 o'clock that night.

Crowds of the men, under the influence of intoxicants, paraded the streets cursing, swearing, yelling, and, on several occasions, fighting.

The officers seemed utterly unable to control the men, and there was a regular altercation between one of the officers and a squad of the men in front of our office, which looked very much like serious trouble for a long while.

We earnestly hope that such conduct may never occur again.

A HAPPY MAN

Is Amos F. King, of Port Byron, N. Y. (85 years of age); since a sore on his leg, which had troubled him the greater part of his life, has been entirely healed by Bucklen's Arnica Salve; the world's great healer of sores, burns, cuts, wounds and piles. Guaranteed by all druggists. Price, 25 cents.

DEMOCRATIC NOMINEE.

Hon. John D. Carroll, of Henry county (now serving as Judge of the Court of Appeals by appointment to fill out the term of Judge Cantrill), was given the Democratic nomination for that office on Wednesday by the committee of that party, no other candidate having announced for the position.

We doubt if he has any opposition at the general election in November.

CYNTHIANA AND HARRISON COUNTY GO DRY.

After a very bitter fight, the local option election was held, on Thursday last, in the county of Harrison and city of Cynthiana. The result was that the city reversed its last vote and went dry by 47 majority and the county nearly 2,000.

"One by one the roses fall." The whisky men of Cynthiana beat themselves by some very foolish actions.

RAILROAD EDUCATION.

(Wall Street Daily News.)
If the agitation concerning the railroads does nothing more it will educate the country up to some idea of what railroading means. The majority of the people seem to be under the impression that the receipts of the railroads from passengers and freight traffic must of necessity be large and therefore privileges should be given more cheaply. Governor Hughes, President Finley and many others who have common sense as well as some knowledge of the matter and a sense of fairness, have openly stated that legislation as well as agitation has been carried on, without either adequate knowledge or any attempt to gain any. Certainly the attacks made by shippers and demagogues have resulted in replies of far more value to the nation than the attacks could have warranted. W. J. Murphy, Vice President of the Queen & Crescent Route, in his reply to the statement of the Receivers' and Shippers' Association, of Cincinnati, is an example of this. His road was charged

with earnings of \$2.82 per freight train mile, whereas other roads averaged \$1.89. On the face of this a demand would be made for reduction—it has already been made. Mr. Murphy now points out what others either have not known or have ignored, that the freight trains of that road are hauled by two engines instead of one, as is the case on other roads, entailing, naturally, far greater expense per freight train mile. Further it is shown by figures, that while expenses have increased in the cost of labor and materials during the past two years, receipts have actually shown a decrease per mile in freight as well as passenger returns. It is also clearly demonstrated that the majority of the earnings have returned into the property in the shape of extensions, improvements and other needed advancements. These matters should be given the same prominence in the various newspapers the country over which the criticisms receive. Evils which have crept in must be corrected, but time alone will have to do that. In the meantime, the American sense of justice should hurry a little faster to the front, and Americans should not allow their most important industries to be played upon for political purposes.—Cincinnati Enquirer July 7, 1907.
